# QUESTIONS ABOUT THE **ROCKY MOUNTAIN FAN FORCE**

"a force to be reckoned with"

## What is a Fan Force?

FanForce is the physical, grass-roots extension of **THEFORCE.NET**'s global, online presence. FanForce is about getting all fans together and helping them meet and interact with other fans in their "physical" community. If there is a convention, free movie screening, book signing, all users in that particular area get together as a group, a FANFORCE, and take part in the event.

The Rocky Mountain Fan Force became the official Colorado Chapter of FanForce in the summer of 2001, since then, we have become the fastest growing FanForce region on the discussion boards, going from 8th to 2nd in number of posts in the United States in just two months. We let people know this by our group's slogan "a force to be reckoned with"

## Sounds great, how do I join?

Joining FanForce is easy! There is a link to the Denver area of theforce.net's Jedi Council BBS on our website, [www.rmff.net](http://www.rmff.net). Just register your username on the Jedi Council Forums and start hanging out with people in your area!  
There is **no cost** to join and **no membership dues**.

## What activities do you do?

**Online Discussions** - In our area of **THEFORCE.NET**'s Jedi Council BBS  
**Monthly Meetings** - In Denver, every third meeting is in Colorado Springs  
**Charity Work** - Like what we're doing for the release of Attack of the Clones
